...

Please remember to review homework

...

Thanks for your support
&
fostering a love for learning!

Our Week of Learning

Reading

We are launching Managed Independent Learning (MIL) centers within the classroom. Students will have choice of their learning by picking various centers around the room. Choices consist of write the room, word work, library, big books, pocket charts, and more!

Students will also begin to build their reading stamina. We are at 10 minutes! Our classroom goal is 15 minutes, more than half way!

Once stamina is built more stations will be added to our daily routine.

Math

We are beginning a new topic in math. Topic 2 will cover Understanding Subtraction.
